German

EDUCATION

VELAMMAL ENGINEERING COLLEGE Nov 2021 - Present

- B.E. Computer Science Engineering with Data Science Honors
- CGPA: 9.56

VIKAS VIDYALAYA

- HSE TN Board June 2018- March 2020
- Percentage: 91%

WORK EXPERIENCE

Intern

Uniq Technologies Jan 2023 -Feb 2023

- Completed internship in Python with AI

Kaashiv Infotech Pvt Ltd. June 2023- July 2023

- Completed internship in Data Science

PROJECTS

Health Management System

- A website where you can predict Heart, Kidney and Lung prediction using Machine Learning algorithms

Multiple Calculators

- A website where you can use multiple advanced calculators in the same webpage

Object Detection Web App

- An object detection web application made using React JS and Tensorflow

Healthcare Android App

- An Healthcare android application made using Java and Android Studios

COURSES

Programming, Data Structures and Algorithms Using Python

- Completed in NPTEL with 72% grade in examination

HTML, CSS, Javascript

- Completed this course in UDEMY and learnt all fundamentals

Java Programming for beginners

- Completed this course in UDEMY and learnt all fundamentals

Machine Learning for Beginners

- Completed this course in COURSERA and learnt all the fundamentals
